

Quality, Health, Safety & Environment Policy

Oman Aluminum Rolling Company is committed to sustainable development with an aim to become one of the leading Aluminum producers in Oman. Our Quality, Health, Environment & Safety policy will focus on :

- Ensuring customer satisfaction by clearly understanding our Customer's needs .
- Complying with applicable local, Government and International regulations, customer compliance requirements and maintaining a safe and pollution-free operating environment.
- Fostering a culture of 'Zero Harm' to our employees, our contractors and the community in which we operate.

To achieve these policy objectives, OARC is committed to

- Establish an effective Integrated Management System for the Organization.
- Continually improve the effectiveness of the Integrated Management System.
- Ensure Quality performance and continual improvement are central to all activities.
- Raise staff and subcontractors awareness on applying legislation, regulations, rules, policies and procedures
- Provide necessary training to employees and ensure its effectiveness.
- Carry out risk analysis for all operations, and implement appropriate and effective actions. Promote personal responsibility and effort on the part of everyone in order to mitigate hazards, and prevent illnesses and injuries to employees.
- Implement measures to assess and control the impact of our operations on the environment, and address the impact by conserving resources and appropriately managing waste.
- Ensure that all personnel are empowered and have the right and responsibility to stop any work they consider compromising the basic principles of its IMS.
- Communicate this policy to all concerned parties/stakeholders through effective internal & external communication channels.
